

# Animal roundup

Icebreaker

Source: TC- FACILITATOR TOOL BOX

8-50 people

10 minutes

## Topic

To raise the energy level of the group and break the ice.

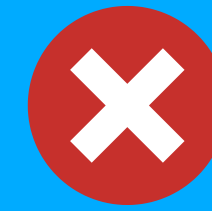

## Objectives

To raise physical energy of participants in entertaining manner, practice non-verbal communication, provide space for bonding in entertaining manner

## Steps

1. Tell group members to silently think of their favorite animal.
2. Then tell group members that without talking, they need to arrange themselves from largest to smallest animals.
3. Group members can only make gestures and the noise of their animals.
4. After they have finished, have group members go around and say the animal they were supposed to be to see if it was accurate.

## Debriefing

- How do you feel?
- Was it difficult to arrange yourselves in the right order?
- What methods have you used to communicate your message to others?
- Were there any major misunderstandings? If yes, what caused them?
- What would you do differently the next time?
